

Hawkins Bros Rose Reserve N.V

Region

If you have never tried an English wine before – well now is your opportunity. The vineyards of England are generally located in the warmer southern counties where the milder influences of the gulf stream have an important effect, as our northern hemisphere vineyards need a longer cooler growing season than in Europe to produce top quality grapes. More than 500 vineyards are in production across the UK and bottled annual sales has reached 3 million bottles, with Chardonnay, Pinot Noir and Bacchus the most planted varieties.

Tasting Notes

A fresh and easy drinking sparkling wine from the south-facing chalk of the Surrey Hills. Four years lees ageing has given this wine a creamy mousse with a fantastic balance between fruit and acidity.

Food

Serve as an aperitif or with hor d'oeuvres.

Technical Information

Country	United Kingdom	Dry/Sweet Style	Bone dry
