

Organic Chenin Blanc Ou Steen Longridge 2020

Region

This famous region is 30 miles north east of Cape Town yet still close enough to the ocean to benefit from cool maritime conditions. These beautiful vineyards are dominated by scenic mountains and the region is home to some of the Cape's most famous and influential wine estates. The most noted and important vineyards are located on the prized slopes of the Simonsberg Mountain. This small and highly rated sub-zone has fantastic terroir and is where many of South Africa's top red cuvees are produced.

Producer

Longridge strive to be as environmentally conscious as possible, providing excellent quality wines while minimizing the impact on the environment. They use renewable energy sources like solar energy and allow free-roaming ducks to help with pest control, and cattle for manure and compost. They focus on the varieties that are best suited to their climate and soils; Chardonnay and Chenin Blanc (Steen) and classic red varieties Merlot, Cabernet Sauvignon and Pinotage. Biodynamic viticultural methods are utilised to the fullest and they follow natural winemaking using less sulphur dioxide and no commercial yeast, enzymes, fining agents, stabilizing agents or filtration methods.

Tasting Notes

Powerful notes of toasty marmalade, orange blossom, pineapple, lime and honey nougat character on the nose gives way to a fresh acidity on the mid pallet, ending in a long lingering finish, with orange peel, grapefruit and charry vanilla. Whole bunch pressed grapes fermented with wild yeast in matured French Puncheons. It is also aged in these barrels sur lie for 10-12 months. In line with Longridge's natural and terroir-driven approach, the wine received no enzymes, no fining and was bottled unfiltered.

Food

To be enjoyed with spicy food, such as curries or with savoury sauces and is also a natural partner to wasabi and sushi.

Technical Information

Country	South Africa
Region	Stellenbosch
Grape(s)	Chenin Blanc (100%)
Type	White
Style	Crisp
