

# Azzillo Prosecco Spumante N.V.

## Region

The Prosecco DOC covers the north-east of Italy and entire regions of Veneto and Friuli with warm and moderately continental climate. The grapes are mostly grown on the flat plain though the DOCG covers the hillier area allowing grapes to have a slower ripening period creating wines of higher acidity and more intense fruit. Glera is the Prosecco grape but the style can range from Brut Nature to Demi-Sec and Frizzante to Spumante.

## Producer

The company was born as a retailer in 1928 in the Veneto region for sales of wines in casks and demi-johns to restaurants and small retailers. The company is now run by the third generation and from their roots in Veneto they now have a portfolio of wines produced in some of Italy's finest regions. Botter pride themselves on their focus of sustainability, going beyond reducing emissions, production of waste and non-renewable energy usage and taking a responsible approach for the whole production chain.

## Tasting Notes

Prosecco is the fashionable dry sparkling wine produced from Glera grapes. It is a pale and delicate wine with fine mousse and lively, persistent bubbles. Complex bouquet with fruity notes of peach, green apple with scents of acacia and lilac. Fresh and light on the palate, with balanced acidity and body; harmonic with a long persistent aftertaste.

## Food

Perfect as an aperitif or serve with hors d'ouvres and delicate first courses. Also wonderful with shellfish, sushi and light pasta dishes.
