

Organic Roter Muskateler No Filter 2022

Region

This region, meaning 'lower Austria' lies on the fertile Danube plain to the west of Vienna. Here there are a number of different regions, such as Wagram, Wachau, Kremstal and Kamptal, producing quality dry wines, mainly from the Riesling and Gruner Veltliner grape varieties. The Kamptal wine growing region, the area around Straß, in the Strasser Valley, traces back its origins of cultivating plants thousands of years with vines having been planted for hundreds of years. During medieval times, monasteries and the nobility owned vineyards in this area.

Producer

A family run winery who can trace their winemaking roots back to the 17th century. Nicolaus Kemetner was first mentioned in records and his son Johannes was named as 'Vinitor in Etsdorf' in 1666. The family's custom seal dates back to 1741 which is now the symbol for the winery and appears on every label. They have been certified organic since 2008, all grapes are hand harvested and the pruning and harvest is guided by the phases of the moon. They feel that as they work with and rely on nature every day, it is their responsibility to respect and nurture it and this careful consideration is part of everything they do, from tending the vines to making the wines resulting in high quality wines year after year.

Tasting Notes

This skin contact Roter Muskateller is unfiltered and low in sulphites. 5 days on the skins give the colour and light tannic structure that is typical of the orange style. This wine was then aged in 500l oak barrels for 6 months and a further 3 months of bottle age. This wine has the intense aromatics of Muscat, notes of candied orange, banana, pear and floral aromas. There is good acidity leaving a lovely fresh finish.

Food

This will pair excellently with veggie dishes like roasted aubergine, Jerusalem artichokes or spiced cauliflower.
