

Viognier Esprit Cepage Languedoc 2023

Region

The Pays d'Oc is a hot, dry, hilly region of contrasting soil types adjoining the Mediterranean coast. It is perfectly adapted to the cultivation of the vine, which by origin is a Mediterranean plant. The hills surrounding the city of Carcassonne are the source for this wine, where the limestone serves to keep the roots relatively cool, thus providing a freshness in this hot environment. The wines are fruity and fresh, showing great expression of their varieties. The area grows a range of French varietals such as Merlot, Cabernet Sauvignon, Syrah and Grenache for reds and for whites Chardonnay and Sauvignon Blanc.

Producer

The Vignobles des 3 Chateaux combines some of the best hillside vineyards of the western Languedoc, centred around the hill of Pic Saint-Loup and sharing the same schist and limestone soils between the Mediterranean and the Cévennes hills. It is an area that benefits from both Mediterranean and continental influences. The wines are distinctly elegant with plenty of character, more akin to Burgundy than typical Languedoc styles.

Tasting Notes

This aromatic wine has a delicate perfumed and floral nose. Great freshness and round flavours of stone fruits and white flowers combine together effortlessly to create a stylish white wine. A refreshing acidity balances the perfumed character of the wine which finishes crisp and dry.

Food

Serve with a mild Thai curry or with a prawn and lemon risotto.
